

USE TECHNOLOGY, RECYCLE WATER!

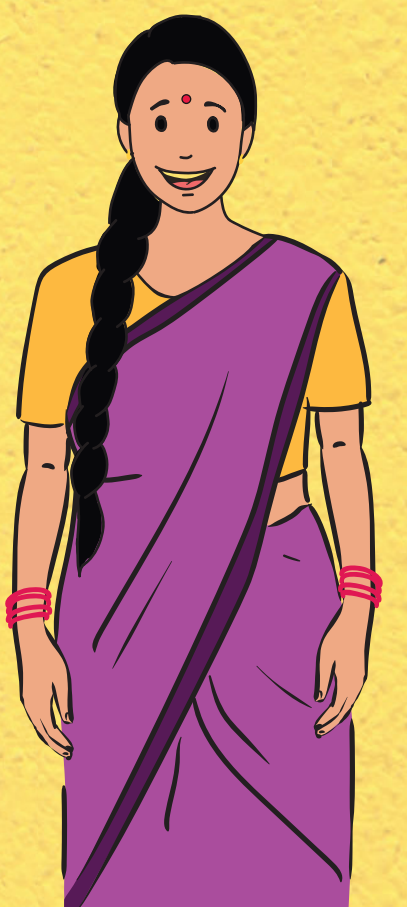

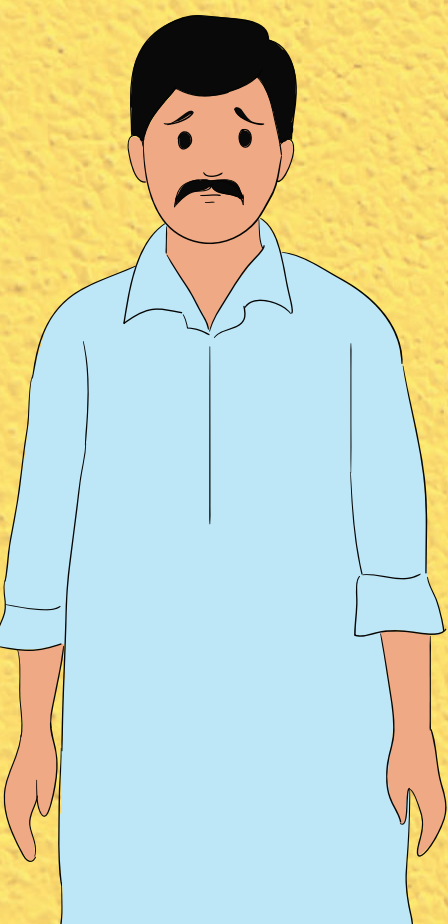

Wastewater all around,
pollutes the environment, water logs
the ground!

Used water need not go to waste,
with a simple technology put in place

To water your garden, it can be reused
in your panchayat, share this good news!

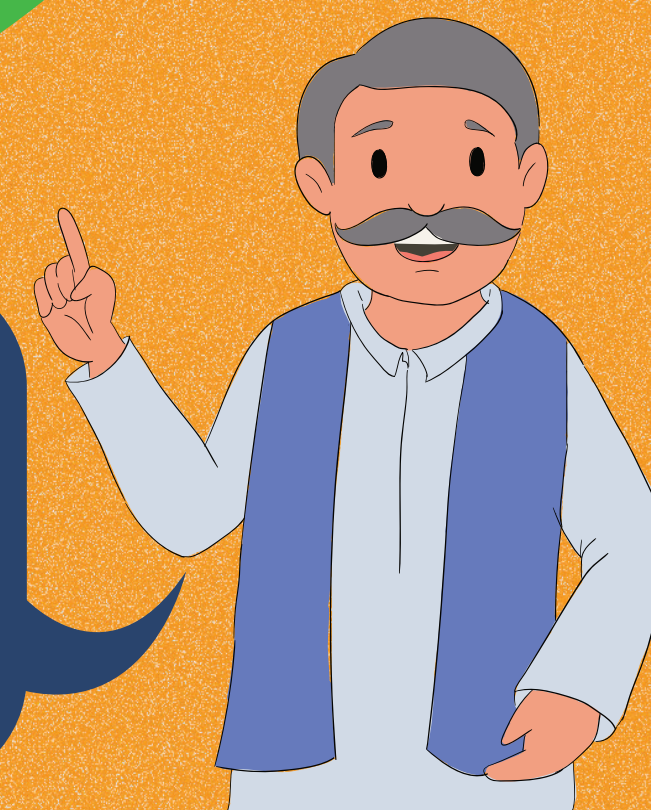

USE TECHNOLOGY, RECYCLE WATER!

Used water can benefit your village
Get rid of the mess, disease and spillage!

A clean healthy village needs
a simple kit

Including clean covered drains and
a community soak pit!

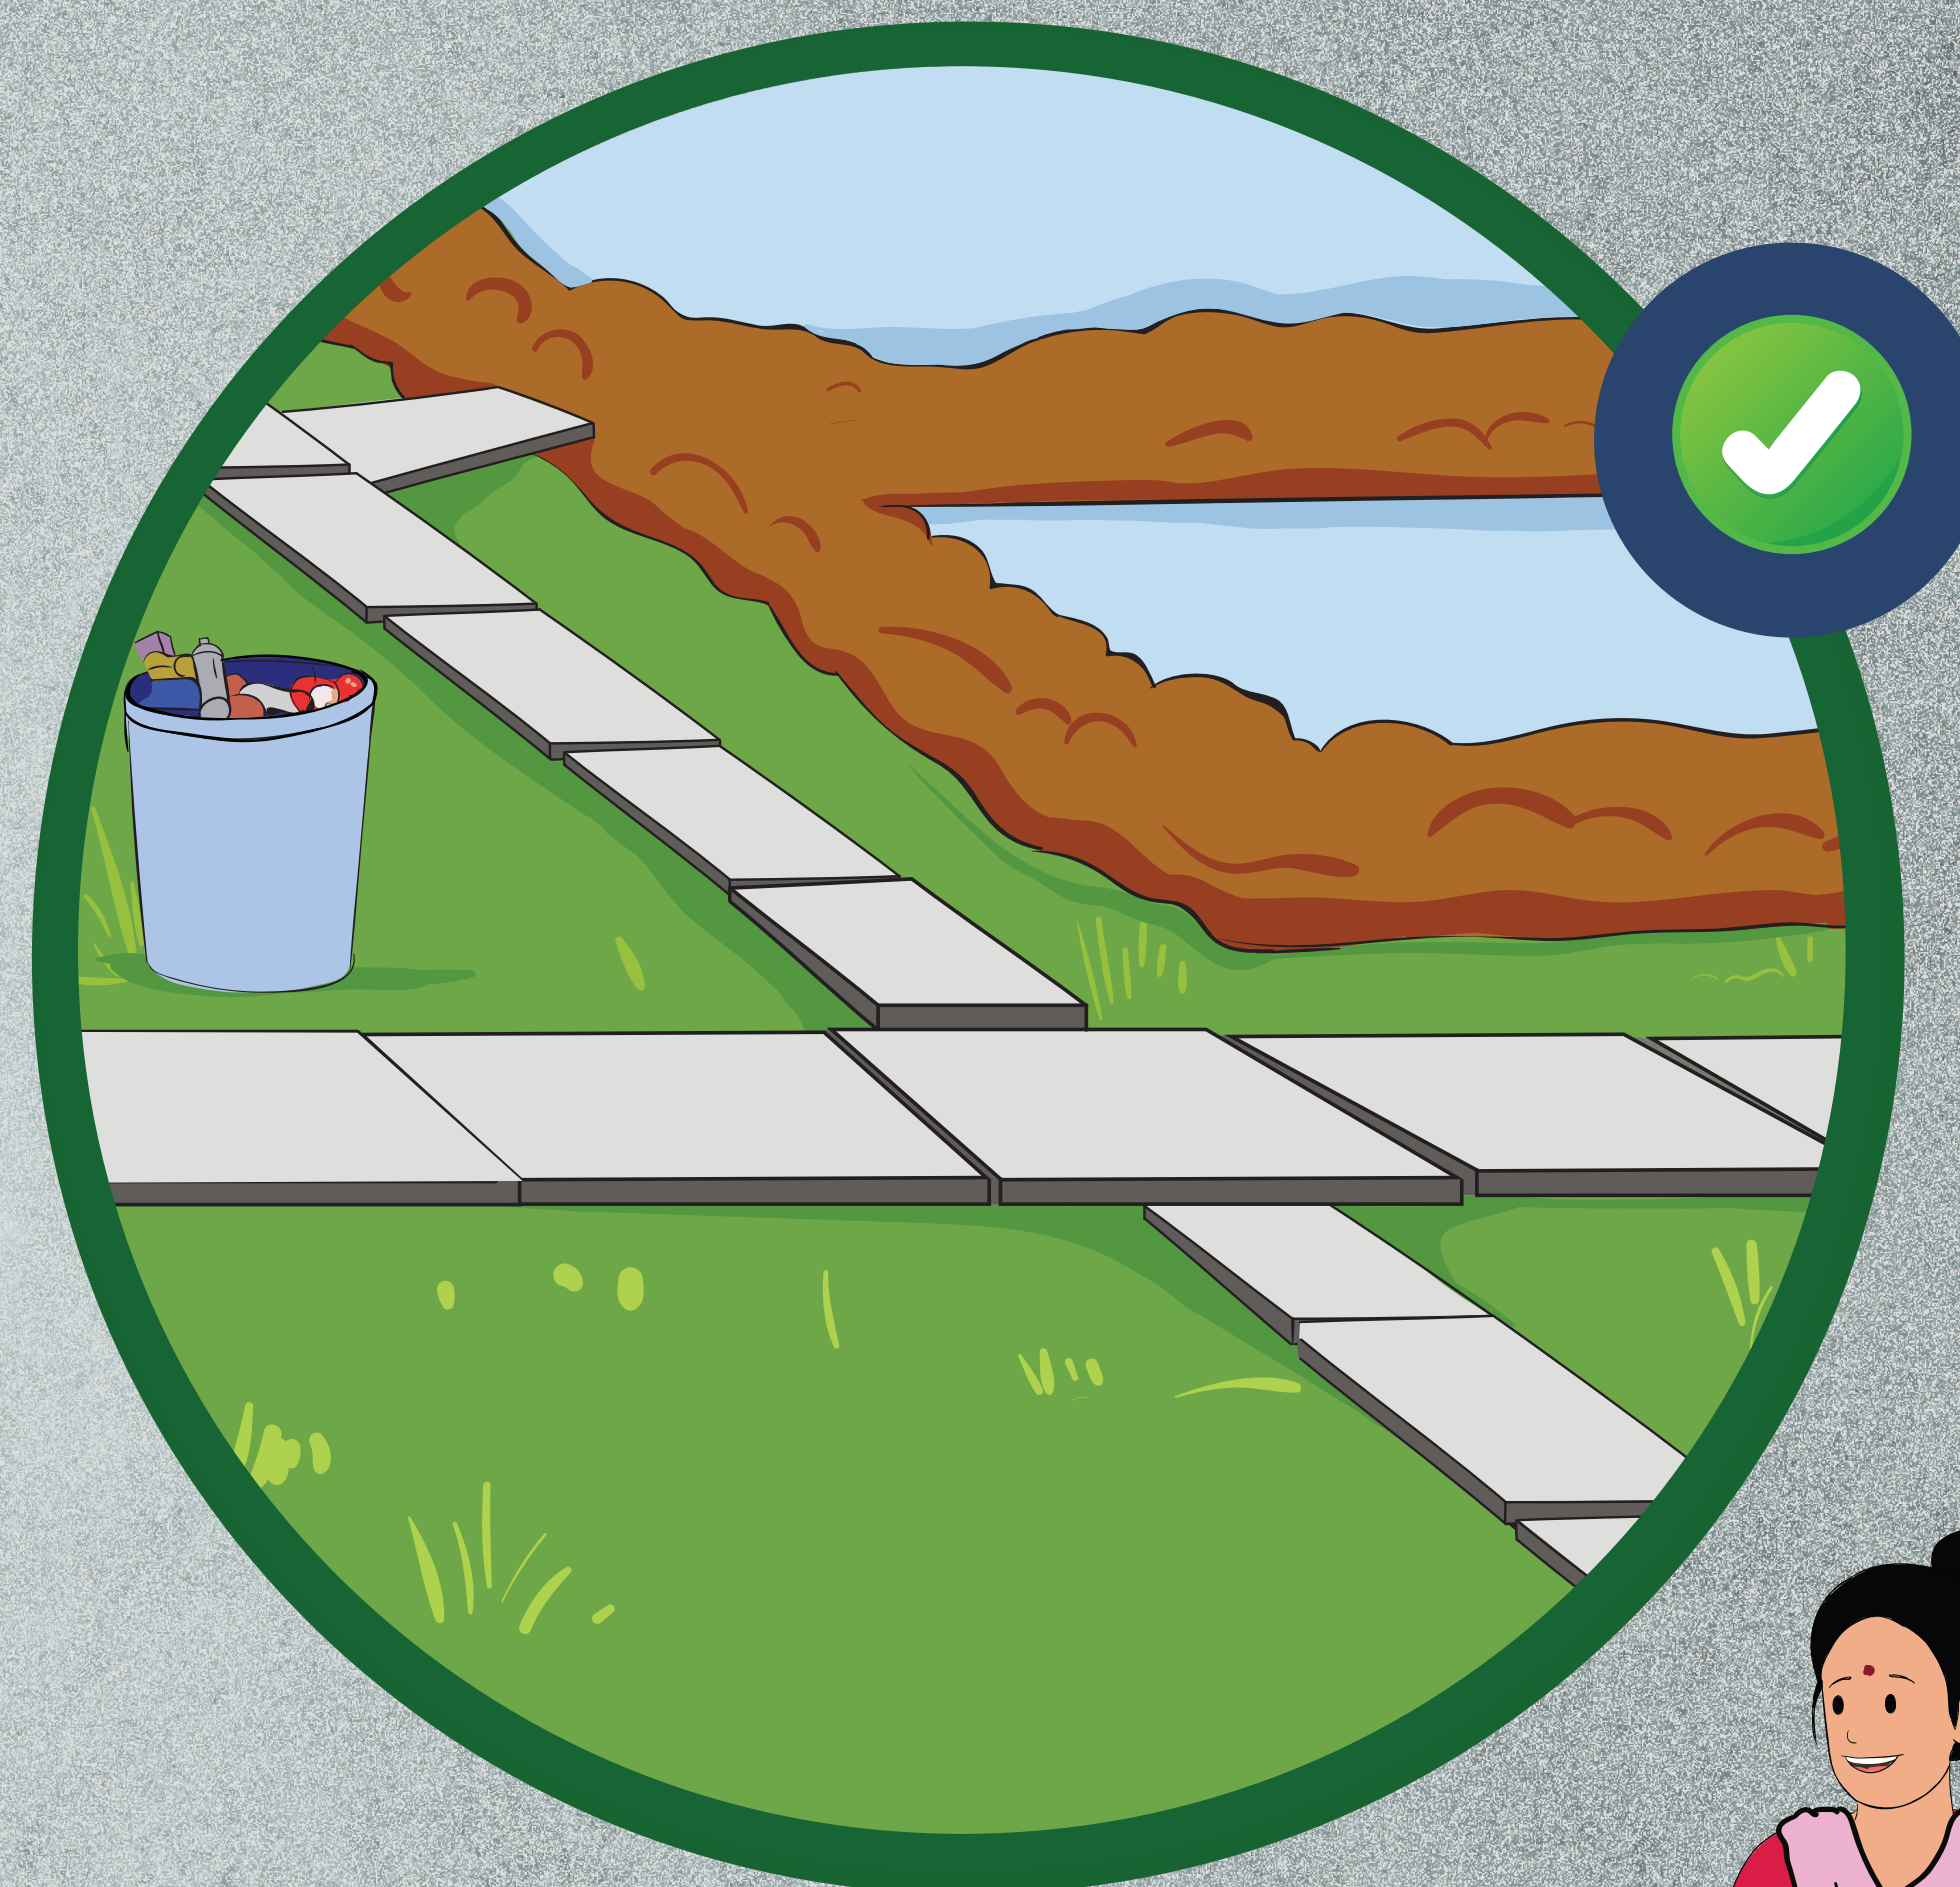

USE TECHNOLOGY, RECYCLE WATER!

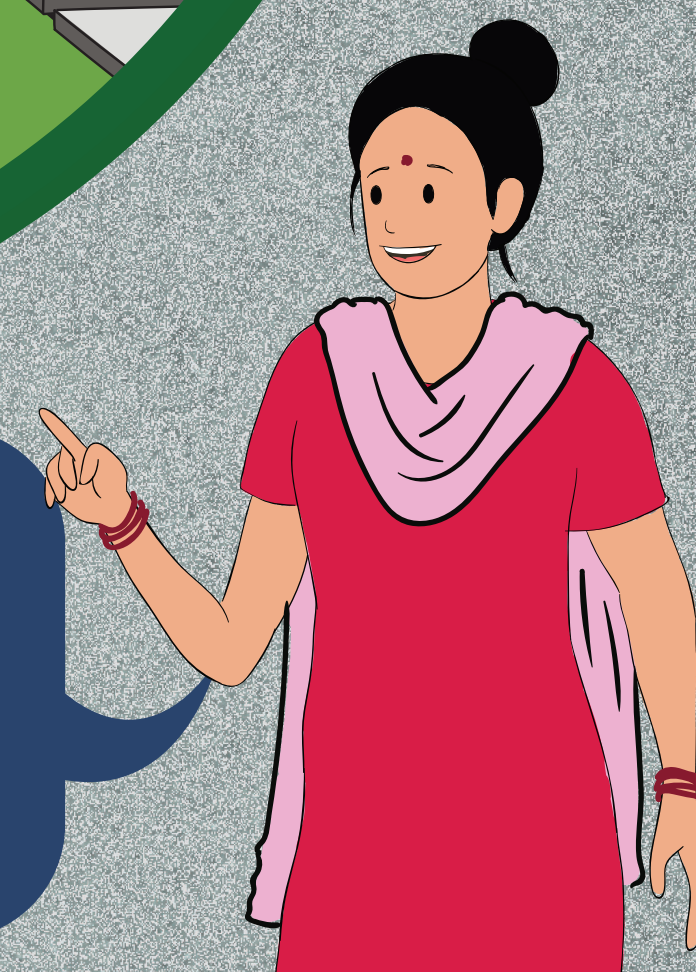

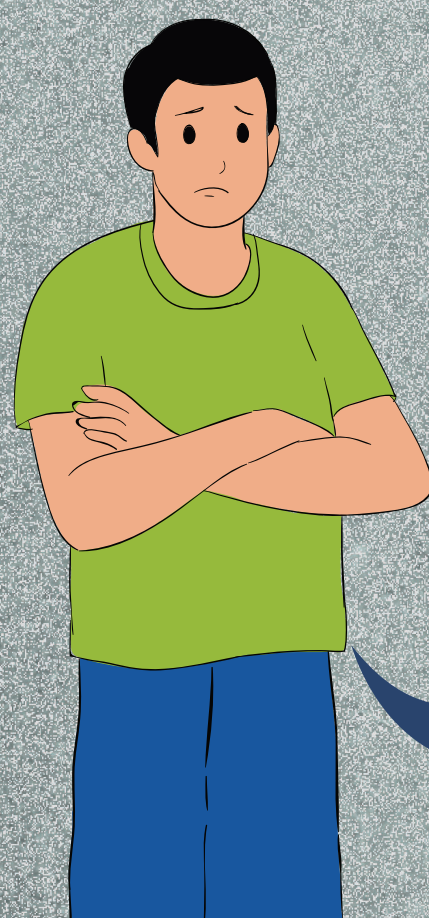

Litter and garbage have blocked the drain

Putting waste water management efforts under considerable strain!

Clean covered drains through which water flows

From homes to waste stabilization pond, used water goes!

USE TECHNOLOGY, RECYCLE WATER!

There's garbage and litter everywhere,
the village pond is sad

Germ and diseases flourish,
as maintenance is bad!

Garbage in a dustbin, wastewater
in a settling tank must go

Let's clean up our environment and
let our village glow!

All these activities can be undertaken as a part of Swachh Bharat Mission (Grameen). For more information, contact your Gram Panchayat.

USE TECHNOLOGY, RECYCLE WATER!

Overflowing soak pits, dirty water everywhere

A breeding place for diseases, why does no one care?

For a healthy, clean environment, you need a simple kit

Neat covered drains that flow, into a community soak pit!
