ENGAGE, ENCOURAGE, INFORM, EDUCATE AND COMMUNICATE

A comprehensive IEC strategy was adopted at Union Territory level to spread the awareness and sensitize the rural community.

Different strategies have been used on time to time as effective tools of communication around Solid Waste Management (SWM), Biodegradable Waste Management (BWM), Plastic Waste

> Management (PWM), Liquid Waste Management (LWM), Greywater Management (GWM) and Faecal Sludge Management (FSM).

IEC strategies' special emphasis was also focused on the sustained toilet use, Operation and Maintenance of Individual Household Latrines (IHHLs), Community Sanitary Complexes (CSCs), Retrofitting of Single Pin to Twin Pit, Segregation of solid waste at the source, and solution to the common misconceptions regarding sanitation practices.

The above-mentioned goals have been achieved by adopting different methods of communication. From Workshops, Campaigns, Seminars, Special Drives, Practical Demonstrations, Community/ Institutional engagement to aggressive use of print, audio, visual, electronic, digital, multimedia and mass media, etc.

Massive IEC Campaign

Massive IEC campaign was launched to aware/encourage school going children in different activities promoting safe sanitation practices.

Painting Competitions, Quiz Competitions Marathons, Sanitation Drives and Awareness Programs were conducted across UT.

Swachhata Bank

SWACHHTA BANK

»

These items encompass a range of materials such as polythene bags, plastic bottles, and wrappers from packets of chips, among others. The compensation is dispensed once the accumulated waste reaches a minimum measurable weight.

>>

In exchange for this eco-friendly practice, participants are remunerated with an amount corresponding to the weight of the recyclable waste items they deposit

>>

Core concept of the Swachhata Bank revolves around motivating individuals to open an account within the bank and subsequently deposit collected household plastic waste.

Swachhata Smaagam

D

Celebrating the 5th UT Foundation Day, the Directorate of Rural Sanitation, Jammu and Kashmir orchestrated a grand event centered around the Swachh Bharat Mission Gramin (SBM-G) at International Border in Khour area of Jammu district, showcasing the journey of sustainable sanitation achievements in the rural J&K.

A contingent of army of the 64 Cavalry led by Sena Medal recipient Colonel Upendra Singh, members from Panchayat Raj Institutions (PRIs), volunteers, students and community members joined the "Swachhata Samaagam" reaffirming their commitment to the Swachh Bharat Mission's objectives.

The event incorporated various cultural events including "Nukkad Natak", where enthusiastic artists performed to highlight the various initiatives taken to ensure cleanliness and environmental sustainability under SBM-G

Awards and trophies were distributed among the meritorious PRI members, social activities, sanitation workers, Artists, students, and officials

SWACHH YODHA PRATIYOGITA-WAR Against Waste

Distinctive competition meticulously designed to inspire and mobilize the region's youth, urging them to assume the role of champions in fostering cleanliness, hygiene, and sustainable sanitation

The overarching goal was to actively involve the youth in the ongoing cleanliness endeavors across the region

Approximately 5000 participants across 7 districts viz Jammu, Samba, Kathua, Srinagar, Ramban, Shopian & Doda including students, athletes, Panchayat Raj Institutions (PRIs) members, local community leaders, government officials, and shopkeepers, united in purpose to embark on a two-hour sanitation drive

This transformative event was not limited to sanitation alone; it also featured sports activities that served as a testament to the region's exceptional skills

Prizes and certificates were awarded to individuals who showcased outstanding sporting prowess, further emphasizing the holistic approach to promoting cleanliness and well-being. SHS- 2023 VAR AGAINST WAS Directorate of Rural Sau

ONBOARDING PARAM VIR CHAKRA RECIPIENT SHREE BANA SINGH JI AS AMBASSADOR FOR WAR AGAINST WASTE IN J&K

J&K has engaged the services of the country's highest gallantry awardee, the Param Var Chakra recipient Shree Bana Singh, a dedicated and decorated former soldier, as the ambassador for the "War Against Waste" initiative in Jammu & Kashmir

"War Against Waste" initiative aims to address the pressing issues of waste management and environmental conservation in rural J&K. The Param Var Chakra Recipient Shree Bana Singh's joining the cause will raise awareness, promote sustainable practices, and inspire local communities to actively participate in waste reduction and preservation of the J&K natural splendor.

Swachhata Bulletin

Swachhata Bulletin initiative tailored to align with SHS 2023, is designed to closely monitor and disseminate daily updates regarding Information, Education, and Communication (IEC) activities carried out by districts in the region.

statute install

It serves as a tool to collect feedback from stakeholders, aiding in program evaluation and improvement

It aims to create a platform where additional community members can actively contribute to the Swachh and Swasth Bharat cause

The bulletin functions as a knowledge-sharing platform, facilitating the exchange of best practices and activities among different regions and organizations involved in the campaign.

Plastic Waste Disposal in Kishtwar, Promoting Environmental Sustainability

The newly established unit is equipped with cutting-edge technology to efficiently collect, sort, and process plastic waste.

Through collaboration with the NHIDCL, the block PWMU will supply shredded plastic at a rate of Rs. 30 per kg.

The facility is expected to generate job opportunities for the local population, contributing to the district's economy. Furthermore, it aligns with both national and global initiatives promoting the circular economy and reducing the environmental impact of plastic waste.

Use of Folk Media for mass awareness

Folk media artists were engaged to spread message about Swachhata

Street plays were organized for spreading messages on various issues like sanitation, hygiene, clean and green village

Give Polythene Get Gold Campaign

 \otimes

Sarpanch Mr. Farooq Ahmad Ganaie of block sadiwara district Anantnag initiated the 'Give Polythene Get Gold' campaign in April 2023, aiming to involve the community in phasing out plastic use

 \otimes

8

The innovative idea gained support, leading to the quick transformation of local areas into polythene-free zones.

To incentivize plastic disposal, Sarpanch's spouse, Shabnum Farooq, donated two 10-gram gold coins, exchanging each for twenty quintals of plastic waste, emphasizing the commitment to environmental well-being

The initiative demonstrated that small incentives can be the right nudge for involving people in a process and creating a sense of ownership toward moral duties. Rewarding volunteers and sensitizing people were instrumental in achieving clean surroundings. 05 Panchayats with exemplary contributi In Langel

Capacity Building Workshops

Capacity building workshops were held in districts to acquaint the SHGs with the necessary knowledge and skills to contribute effectively to spreading awareness on cleanliness and sanitation in their areas

3882

The platform provided the information and k knowledge to the SHGs to steer the cleanliness campaign in their respective rural areas, promote awareness, encourage behavioral change and maintain the assets created in their areas

The workshops were also aimed to train SHGs of JKSRLM as Master Trainers in different components of the Swachh Bharat Mission (Grameen) to sustain the status of the ODF Plus Model already achieved by the Union Territory of Jammu and Kashmir

Swachhata Karwan

SWACHH BHARAT

GRAMEEN

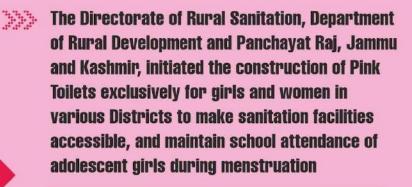

Swachhata Karwaan was flagged off by Hon'ble LG to promote Swachhata awareness and good sanitation and hygiene practices through a publicity van

The campaign aimed to ensure that open defecationfree behaviours are sustained and that solid and liquid waste management facilities are accessible.

A pledge-taking ceremony was also organized in the GPs where the van travelled wherein the participants were administered the oath and motivated to involve themselves in cleanliness activities

A series of events were also held on the occasion including Nukkad Natak, Painting Competition, Debate and Quiz Competition

JAMMU AND KASHMIR IMPROVES SCHOOL ATTENDANCE THROUGH PINK TOILETS

The Pink Toilets are designed exclusively for girls and women, to prioritize their privacy, safety, and comfort

The walls and doors are painted pink, and the facilities are clean, well-maintained, and equipped with sanitary pad dispenser machines and incinerators for the safe disposal of used sanitary pads and menstrual waste.

TRANSFORMING LITTERING SPOTS TO GLITTERING SPOTS

The Directorate of Rural Sanitation has embarked on an initiative to identify and transform legacy waste sites in rural areas.

Through meticulous planning, these sites are being converted into beautiful spaces with the construction of garden landscapes.

Recycled materials are utilized to craft benches, adding functionality and aesthetic appeal to these rejuvenated areas.

Extensive plantation efforts further enhance the greenery and biodiversity of the surroundings.

By creating attractive public spaces, the initiative aims to discourage littering and promote a sense of pride and ownership among the community.

The transformation of these sites not only beautifies the environment but also contributes to long-term sustainability by fostering responsible waste management practices.

Directorate of Rural Sanitation, J&K, Unveils Striking Tableau at MA Stadium on 75th Republic Day in Jammu

The visually compelling tableau encapsulated the journey of Swachh Bharat Mission-Gramin, showcasing the transformative impact it has had on rural sanitation in Jammu and Kashmir.

From achieving Open Defecation Free (ODF) plus model status to embracing sustainable practices, the tableau depicted the milestones and initiatives undertaken to make Jammu and Kashmir a shining example of cleanliness and hygiene

The success story narrated through the tableau underscored the concerted efforts of the government, local communities, and sanitation workers in realizing the objectives of SBM-G.

Specially designed inflatable Mascots deployed by sustainability partner Swaaha at the base camps of both the axis have done phenomenal job of education of pilgrims during their stay at base camps.

Nandiji, Monk and the Kashmiri state animal Hangul shaped inflatable mascots interacted with the families , kids and were a great attraction for the pilgrims.

To add an element of fun and engagement, Cleanliness Mascots interacted with the attendees, promoting the message of cleanliness and proper waste segregation in a memorable and entertaining manner.

Waste to Wonder Initiative

- The Directorate of Rural Sanitation has initiated a comprehensive program to address legacy waste sites across rural areas
- Through systematic identification and assessment, these sites are being targeted for transformation into aesthetically pleasing spaces.
- Plantation efforts are integral to the initiative, enhancing the greenery and ecological value of the transformed sites.
- This transformative approach not only improves the visual appeal of rural areas but also contributes to sustainable waste management practices and community engagement.

MY 10 KG PLASTIC CAMPAIGN

This is another kind of unique initiative taken in J&K where individuals are encouraged to deposit the plastic by calling a toll free number and a vehicle would come to collect the same

Under this initiative, individuals who actively contribute by collecting and disposing of 10 kg of plastic waste from their villages will be eligible for the 'Plastic Neutral Citizen Certificate.

The Toilet Clinic One stop solution for all ailments of Toilets.

"Sanitation for All: Building Healthier Communities"

- □ The first phase of Swachh Bharat Mission-Grameen (SBM-G) had focused on availability of and accessibility to toilets.
- □ More than 1.2 Cr toilets were constructed in the first phase.
- □ The challenge was more evident after the completion of the first phase of SBM-G in 2019 -- retrofitting of faulty toilets, ensuring water in toilets
- □ A retrofitting campaign, conducted from 15th November to 19th November 2021, highlighted that many of these toilets required **minor repairs, cleaning, and declogging.**
- □ The issue was particularly prevalent in **community toilets located in places such as schools, A**nganwadi centers, government offices, and CSCs.
- □ The fact that even minor repairs can become expensive when undertaken individually introduced the concept of a Toilet Clinic to offer community-based solutions for every issue related to the functionality and usage of toilets.

RAISON D'ETRE FOR TOILET CLINIC

Fragmented & disorganized WASH O&M market. Challenges in cleaning, disinfection, repair and maintenance of toilets. Funds available but trained human resource missing.

How Does It Work ?

Training of Janitors and Masons

Participants: Janitors and Masons **Assistance**: Training in on Repair/Retrofitting.

Enhanced Cleaning Equipment for Janitors

Objective: To improve cleaning effectiveness. **Equipment Provided**: Hi-Tech cleaning tools

Raw Material Procurement **Involvement**: Local shopkeepers were engaged. **Purpose**: To ensure timely access to necessary materials.

Benefits of the Toilet Clinic in Bihar

- **Quality Retrofitting**:
 - The availability of standardized retrofitting materials and trained masons ensures quality standards.
 - This contributes to the **longevity and efficiency** of toilets.
- **Affordability**:
 - Fixed rates for services and materials make toilet retrofitting an affordable option for households.
 - The transparent pricing model ensures that individuals are charged only for the resources consumed, promoting financial **inclusivity**.
- **Environmental Sustainability**:
 - The initiative incorporates modern cleaning equipment, promoting **environmentally friendly sanitation practices**.
- **Job Creation**:
 - The establishment of **Toilet Clinics** generates employment opportunities for sanitation janitors and masons.

Digital Communication & Monitoring System (DCMS)

Launched in Bihar in to disseminate ODF Plus messages digitally to the Household members.

> Operational in 1607 Gram Panchayats (GPs) across Bihar and more than **2.5** Lakh households are registered and reached.

> > Technically assisted by UNICEF & DMI

Preparations are underway to expand this initiative to all GPs of the state

The Mission in focus: The Core Objective of DCMS

- 1. Advocate for, and promote sustainable behavior change among the rural communities.
- 2. Expand our reach generating fast and effective communication on safe WASH practices.
- Monitor and track behavior change among the people on hand hygiene and safe sanitation services.

The Strategy

G Flexibility in Strategy:

- Quick adaptation to local contexts and changing circumstances.
- Ensures that the campaign can be tailored to suit the unique needs of different Indicators of the Program

Needs Assessment:

 To understand the specific sanitation challenges and digital communication gaps in the target communities

Content Strategy:

 Developed a comprehensive content strategy that includes messaging, formats (text, images, videos), in Hindi and local language.

The Sustainability

- **Training Programs:**
 - Conducted training programs for master trainers and sanitation supervisors.
- Sustainability: Provision of performance-based incentives to Sanitation Supervisors:
- Monitoring and Evaluation Framework:
 - Can be applied to assess the impact of similar initiatives in different locations.
 - Lessons learned may be replicated.

VERMI-COMPOSTING SHED: LIVELIHOOD GENERATION

- There are separate sheds comprising of 42 vermicompost pits with a total consumption capacity of 27 tonnes.
- The ISWMC has provided employment opportunities for the villagers, more than 80 per cent of the employees at the Centre are from the Gram Panchayat Shahjadpur Kanaini itself.
- Operation and maintenance of vermi-composting pits is carried out by a group of women of a Self-Help group who earn Rs 6000-Rs.8000 per month from the sale of vermicompost.

VERMI-COMPOSTING SHED : ECO-FRIENDLY TECHNOLOGY PROMOTING ORGANIC FARMING

- Vermi-composting being an eco-friendly and zero-waste technology for waste management, consumes less energy and releases 40% lesser greenhouse gases as compared to other composting technologies.
- Till date 119 tonnes of Gobar has been processed and 47 tonnes of vermi-compost has been produced. Fifty-five farmers are regularly giving their gobar to this centre.
- Farmers from nearby villages bring Gobar on their own to the ISWMC in return of which they get vermi-compost in the ratio of 100:10 i.e., 10 kg of vermi-compost for 100 kg of gobar.
- As a result of which farmers are adopting organic farming.

SOLID WASTE MANAGEMENT: HOUSEHOLD LEVEL VERMI-COMPOSTING

• Eight households of the GP are practicing household level vermi-composting.

GREYWATER MANAGEMENT : TREATMENT THROUGH SOAK-PITS

- The GP has made proper arrangements for grey water management.
- The water stagnation on the roads has been rectified by construction of a series of soak pits

GREYWATER MANAGEMENT: TREATMENT THROUGH SILT CATCHER AND FILTER CHAMBER

• Silt Catcher and Filter Chambers have also been constructed to bring the BOD and COD levels of the waste water flowing in the drains within the acceptable limits as per the Indian standards.

GREYWATER MANAGEMENT : TREATMENT THROUGH RECHARGE PIT

• The GP has done an innovation for disposal of wastewater of 20 households in a recharge pit after treatment from a series of silt catcher and filter chamber.

BLACKWATER MANAGEMENT: SEPTIC TANK OVERFLOW SOAK PITS

• Overflow soak pits have also been constructed under retrofitting of IHHLs for the safe disposal of septic tank overflow.

INNOVATIVE BEST PRACTICE CO-TREATMENT OF SEPTAGE, KITCHEN WASTE AND COWDUNG

"ಸ್ಪಟ್ಟಿತೆ ಸ್ಪಾತಂತ್ರಕ್ಕಿಂತಲೂ ಶೇಷ್ಟ ಹಾಗೂ ಬಹು ಮುಖ್ಯ" ಇದು ಶುಚಿತ್ರ ಕುರಿತು ಮಹಾತ ಗಾಂಧಿಟೀಯವರ ಧ್ವೇಯವಾಕ್ಯವಾಗಿತ್ತು, ಅವರ ಅತಯದಂತೆ ನಮ್ಮ ಗ್ರಾಮೀಣ ಜನರು, ಆರೋಗ್ಯವಂತರಾಗಿ, ಸದ್ಯಡರಾಗಿ, ಸತಕ್ರರಾಗಿ, ಸುರಕ್ಷೆ ಹಾಗೂ ಸ್ಥಾಭಮಾನದಿಂದ ಬಡುಕಬೇಕೆಂದರೆ ಸ್ಪಷ್ಟತೆಯ ಅಧ್ಯಾಸಗಳನ್ನು ರೂಢಿಸಿಕೊಳ್ಳುವುದು ಅತ್ಯಂತ ಅಪತ್ಯ ಹಾಗೂ ಅನಿವಾರ್ಯವಾಗಿದೆ.

ಗ್ರಾಮೀಣ ಪ್ರದೇಶಗಳಲ್ಲಿ ನೈರ್ಮಲ್ಯದ ಬಗ್ಗೆ ಇಂದಿಗೂ ಆಸಕ್ತಿ ಕಡಿಮೆಯದೆ, ಇದಕ್ಕೆ ಹಲವು ಕಾರಣಗಳವೆ, ಸೈರ್ಮಲ್ಯದ ಬಗ್ಗೆ ಜನರಲ್ಲಿ ಸರಿಯಾದ ಮಾಹಿತಿ/ಅರಿವು ಇಲ್ಲದಿರುವುದು ಪ್ರಮುಖ ಕಾರಣ. ಪ್ರತಿಯೊಬ್ಬ ನಾಗರೀಕರು ಆರೋಗ್ಯಕರ ಗೌರವಯುತ ಜೀವನ ನಡೆಸಲು ಸುಕ್ತ ಪರಿಸರ, ತುದ್ದ ನೀರು, ತುದ್ದ ಗಾಳಿ, ಶುದ್ಧ ಆಹಾರ ಹಾಗೂ ಉತ್ತಮ ನೈರ್ಮಲ್ಯ ಅಧ್ಯಾಸಗಳು ಹಾಗೂ ಪರಿಸರ ಅತ್ಯವತ್ಯಕವಾಗಿವೆ. ಹೀಗಾಗಿ ಸೈರ್ಮಲ್ಲು ಎನ್ನುವುದು ಕೇವಲ ಒಂದು ದಿನದ ಕೆಲಸವಲ್ಲ ಅದೊಂದು ನಿರಂತರ ಪ್ರಕ್ರಿಯೆ.ಇದು ಸಾಮಾಜಿಕ ಸಹಭಾಗಿತ್ರ ಮತ್ತು ಆಂದೋಲನವಾಗದೇಕಿದೆ.

ಇದಲ್ಲದೆ. ಇಂದು ನಗರೀಕರಣ, ಇಂಟರ್ನೆಟ್ ಹಾಗೂ ಜನರ ಆಗತ್ಯತೆಗಳು ಹೆಚ್ಚಾಗುತ್ತಿವೆ, ಇವರ ಪರಿಣಾಮ ಗ್ರಾಮೀಣ ಪ್ರದೇಶದಲ್ಲಿ ಇಂದು ಪ್ರತಿನಿತ್ರವೂ ಸಹ ಪ್ಲಾಸ್ಟಿಕ್ ಬಳಕೆಯು ಹೆಚ್ಚಾಗುತ್ತಿದೆ. ಹಳ್ಳಿಗಳಲ್ಲಿ ದಿನೇ ದಿನೇ ಪ್ಲಾಸ್ಟಿಕ್, ಗಾಜು, ಬಾಟಲು ಇತ್ಯಾಧಿ ಘನ ಮಸ್ತುಗಳ ಬಳಕೆಯಿಂದ ಶ್ರನ ತ್ಯಾಸ್ಟ್ ಅಧಿಕವಾಗುತ್ತಿದೆ. ಇದು ಗ್ರಾಮಿಣ ಜನರ ಆರೋಗ್ಯ ಮತ್ತು ಪರಿಸರದ ಮೇಲೆ ಪ್ರತಿಕೂಲ ಪರಿಗಾಮ ಬೀರುತ್ತಿದೆ. ಗ್ರಾಮಗಳ ಸ್ವಚ್ಛತೆ ಮತ್ತು ಸೌಂದರ್ಯ ನತಿಸುತ್ತಿದೆ. ಮತ್ತು ದೃಶ್ಯ ಮಾಲಿನ್ಯ (Visual Pollution) ಶೆಚ್ಚಾರುತ್ತಿದೆ. ಈ ಗ್ರಾಮಗಳಲ್ಲಿ ಅರಿಷ್ಟ ಹಾಗೂ ಜನರ ಸವಭಾಗಿತ್ತ ಜಾರಿಗೊಳಿಸುವ ಮುಖೇಜ ಸಚ್ಚ, ಸುಂದರ ಗಾಮಗಳನಾಗಿ ಪರಿವರ್ತಿಸಬೇಕಿದೆ.

ಈ ನಿಟ್ಟಿನಲ್ಲಿ ತ್ಯಾಜ್ಯ ವಿಲೇವಾರಿ ಪ್ರಕ್ರಿಯೆಯಲ್ಲಿ ಒಣ ಮತ್ತು ಹಸಿ ಕ್ಯಾಬ್ಯವನ್ನು ಪ್ರಶ್ನೇಕವಾಗಿ ಖಂಗಡಾ. ಒಣ ಕಸವನ್ನು ಮರುಬಳಕೆ (Recycle) ಮಾಡುವುದು ಹಾಗೂ ಹಸಿ ಕಸವನ್ನು ಗೊಬರವಾಗಿ ಪರಿವರ್ತಿಸುವ ಕಾರ್ಯಗಳನ್ನು ಸ್ತಷ್ಟ ಭಾರತ್ ಮಿಷನ್ (ಗ್ರಾ) ಮೂಲಕ ಮಾಡಬೇಕಿದೆ. ಇದಕ್ಕೆ ಗ್ರಾಮೀಣ ಸಮುದಾಯ. ವಿಶೇಷವಾಗಿ ಯುವ ಜನರ ಸಹಕಾರ ತುಂಬ ಅವಶ್ಯಕವಾಗಿದೆ. ಹೀಗಾಗಿಯೇ ಯಾವುದೇ ಒಂದು ಗಾಮ ಸಂಪೂರ್ಣ ನೈರ್ಮಲ್ನ ಸಾಧಿಸಬೇಕಾದರೆ ಸೃಳೀಯ ಸಂಸ್ಥೆಗಳು (ಗ್ರಾಮ ಪಂಚಾಯತಿಗಳು) ಅಶ್ವಂಶ ಕಾಳಜಿ ಮತ್ತು ಆರ್ಪ್ಷೆ ಜವಾಭಾರಿಯಿಂದ ಕೆಲಸ ಮಾಡಬೇಕಾಗುತ್ತದೆ.

ಗ್ರಾಮೀಣ ಪ್ರದೇಶದಲ್ಲಿನ ಜನರಿಗೆ ತುದ್ರ. ಸುರಕ್ಷಿತ ಕುಡಿಯುವ ನೀರು ಮತ್ತು ನೈರ್ಮಲ್ನ ವ್ಯವಸ್ಥೆ ಕಾಪಾಡುವ ನಿಭಿನಲ್ಲಿ ಗ್ರಾಮೀಣಾವೃದ್ಧಿ ಮತ್ತು ಪಂಚಾಯತ್ ರಾಜ್ ಇಲಾಖೆ ಹಾಗೂ ಗ್ರಾಮೀಣ ಕುಡಿಯುವ ನೀರು ಮತ್ತು ನೈರ್ಮಲ್ಯ ಇಲಾಖೆಯು ಅವಿರತ ಪ್ರಯತ್ನ ಮಾಡುಕ್ತಿವೆ. ಈ ನಿಟ್ಟಿನಲ್ಲಿ ಗ್ರಾಮೀಣ ಪ್ರದೇಶದಲ್ಲಿ ಸೈರ್ಮಲ್ಯ ಸುಸ್ಥಿರತೆಯನ್ನು ಕಾಯ್ದುಕೊಳ್ಳುವ ಉದ್ದೇಶದೊಂದಿಗೆ ರಾಜ್ಯದ ಎಲ್ಲಾ ಗ್ರಾಮಗಳಲ್ಲಿ ಕಸ ಸಂಗ್ರಹಣೆ. ಮೂಲದಲ್ಲಿಯೇ ಕಸ ವಿಂಗಡಣೆ, ವಿಲೇಪಾರಿ ಮತ್ತು ಸ್ಪತ್ರಕಾ ಶ್ರಮದಾನ ಚಟುವಟಕೆಗಳನ್ನು ಹಮ್ಮಿಕೊಳ್ಳುವ ಮೂಲಕ ಇಡೀ ಗ್ರಾಮ, ಗ್ರಾಮದ ಬೀದಿಗಳು, ನೀರಿನ ಮೂಲಗಳ ಸ್ಪಡ್ರೆಕೆ, ಶಾಲಾ ಅವರಣ, ಅಧಿಕವಾಗಿ ತ್ಯಾಜ್ಯ

CELEBRATION OF CLEANLINESS WARRIOR DAY

Facilitation of Cleanliness Champions across Mizoram

Cleanliness warriors are those who sacrifice their valuable capacities by rendering their services to keep visually clean environment. This practice of clearing litter in the street, cutting weed near the roadside, cleaning the legacy dump sites, drains or any wastes deposited in their locality have been continually performed since more than a decade with their own expenses.

Background, Challenges and Initiatives

SBM Phase-II scenario

- MP rapidly moving towards ODF Plus saturation
- Need to sustain and enhance the achievements under ODF Plus model villages
- Poor cleaning leads to less usage, resulting in gradually defunct infrastructures

Situation of Sanitation front-line workers

- Crucial role in maintaining public hygiene and health, yet frequently face hazardous conditions, inadequate protective gear, and low wages.
- The social stigma associated with their profession leads to discrimination and limited access to education and healthcare.

MP Initiative

- Roll out of state-wide capacity-building exercise to upskill sanitation workers, departmental officials and functionaries, public representatives from rural local bodies in 2023
- Exercise focused on safe operational protocols, improved engagement and dignified life for sanitation front-line workers
- Continued skilling in 2024

Key Results

SENSITIZED DECISION MAKERS

Fifty-two (52) district officials oriented on the safe operation protocol for sanitation workers

3 TRAINED RURAL LOCAL BODY

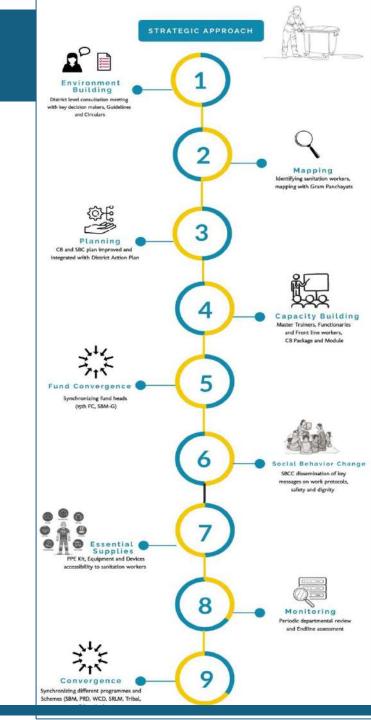

Two hundred sixty (260) Sarpanch/PRIs sensitized and few of them demonstrated prioritized sanitation workers' safety with the inclusion of PPE kits as part of the village sanitation plan

UPGRADING IN-HOUSE

Two hundred eighteen (218) Master Trainers trained on safety and dignity of Sanitation Workers

SKILLED SANITATION WORKERS

Six hundred eight (608) sanitation workers from seven districts in thirteen batches skilled on safety procedures

Impact of the CB initiative: State innovations

- 1. States like **Karnataka, Telangana, Bihar**, etc. **completed VSPs in mission mode** after the trainings
- 2. Andhra Pradesh has developed real time monitoring of ODF Plus indicators through their JSS application
- 3. RGSY, Maharashtra has implemented Capacity enhancing and communication initiative for Village Resource Groups for O&M and service delivery
- 4. Engineers' trainings conducted on SLWM by Telangana and Rajasthan
- **5.** Kerala has focused on FSM and GWM 2 state level technical trainings organized on GWM; prepared a sample FSM plan for Kasargod district- to be used in other districts
- 6. West Bengal- Focused on decentralized GWM and SWM- 15 district level trainings of engineers conducted- preparation of DPRs in mission mode

Critical issues in roll out of CB initiative

- 1. Focus to be on ODF+ achievement, effective O&M and sustained Service delivery
- 2. Deployment of available MTs for cascading trainings is required to cover all GPs
- 3. MTs may given responsibility of **handholding individual GPs** from planning to implementation of ODF+ plans
- 4. All training data of ToTs and GP level trainings needs to be entered by states in national CB dashboard (State CB focal points and MTs)
- 5. CB trainings/handholding to be **linked with progress towards ODF+** status for all GPs. Defined Timelines for achieving ODF+ status can be monitored
- 6. Fortnightly monitoring of trainings at district, state level and national levels
